

E Ho'i Nā Wai - May the Waters Return

It is Puaeo's wish that the *mana* (wealth) found in the wai (wells) (wells) of inspiration might well up and flow within your *hahaione* (heart), leading continued growth, enlightenment, and the serenity of contentment. For us a *hahaione* is *ka hana* (the work) of the waters of *ka hana* (the work) of the waters of *ka hana* (the work) of the waters to inspire the seed to grow.

Through his active participation in many of the Hawaiian communities at home and abroad, Puaeo has acquired a unique perspective that enables him to produce sensitive and insightful original Hawaiian compositions as well as fresh renderings of traditional favorites. We invite you to flow with the waters of inspiration that course through this talented young man's debut CD, *E Ho'i Nā Wai*.
